

LEARN ABOUT YOUR DRAINAGE AND FUTURE IMPACTS!

YOU'RE INVITED!

Join us for an engaging and informative gathering hosted by the Sand Hill River Watershed District board of managers! We're excited to invite you to a special session focused on understanding the essential legal process for redetermining benefits on the Sand Hill Ditch, the lifeline of the Sand River Watershed.

Your presence at this event is crucial, as your water drainage relies on the health and efficiency of this vital channel. Delve into the intricacies of this process with us, exploring the various perspectives, legal requirements, and watershed district obligations associated with the redetermination of the Sand Hill Ditch.

This is your chance to not only learn about the pros and cons but also to actively contribute your insights and feedback. Your input matters greatly in shaping the future of our watershed community. Let's come together to gain knowledge, share ideas, and work towards a more sustainable and resilient future for all. We can't wait to see you there!

EDUCATION & OUTREACH

Come and be enlightened by two captivating presentations! Join us as John Kolb from Rinke Noonan and Bryan Murphey from H2Over Viewers take the stage to share their expertise. We need your input for futuristic planning! Can't make either session? Visit our web-site for video footage after July 30, 2024 by scanning the QR Code on the front of this card!
