

SANDHILL RIVER WATERSHED DISTRICT

March 4, 1956

The Sand Hill Board of Directors met with Judge Lundgren at the Norman County Court House in Ada. The Judge asked Omar Rood to make a list of expectations as to the different means like bridges, culverts, line moving, etc.

The Judge supported that Omar Rood prepare an estimate of cost for 2 or 3 ice breakers to save our bridges. Also for the board and engineers to make a list of changes and additional work, also mistakes that have been made and to get the accounting report ready and filed.

N. J. Mjelde, Secretary
