

SANDHILL RIVER WATERSHED DISTRICT

May 24, 1957

Mr. Nolte saw some of the Army Corp of Engineers at Fertile. Came to Beltrami and the board was called together to contact them. We all met at the lower end of project and went over corrections and additional work that was needed to make same. The engineers said they would let us know soon what their decision would be.

Omar rood was instructed to make a written request to the Corp of Engineering for the additional work.
